

KEEPING YOUR WEBSITE SECURE AND UPDATED JUST GOT EASIER

WEB WATCHER

The **AdServices** Website Maintenance Plan
Only **\$99** per month!

A neglected website can lead to big problems and a big expense to clean up the mess. Never worry about an unexpected charge for website maintenance again with Web Watcher: The AdServices Website Maintenance Plan.

Web Watcher includes:

- **Archiving Services** – If your site should ever be hacked or its files become corrupt for any reason, we'll have a backup that can be restored quickly.
- **Security Updates** – Web platforms constantly issue patches to thwart hacker attacks. We'll make sure yours are always up to date.
- **Plugin Updates** – Plugins are mini programs that operate in the background of your website. We'll keep abreast of updates and install the latest whenever they come out.
- **WordPress Updates** – If your site utilizes the powerful WordPress Content Management System, we'll see to it that the most current version is running.
- **E-Mail Maintenance** – We'll add or delete up to five e-mail accounts per month.
- **Minor Revisions** – Need a small revision to your site? No problem. This plan includes up to one hour of a webmaster's time monthly (\$125 value.) And if more extensive changes are in order, you'll receive 25% off our normal fees.

Web Watcher provides all this maintenance and security for only \$99 per month*. Best of all, the plan comes with the integrity, reliability and attention to detail that has made AdServices a strategic partner to hundreds of businesses and organizations.
